EVOLVED DIGITAL SYSTEMS HAS ARRIVED

New company to create opportunities for accelerated growth & profitability

Montreal/ Laval, (Quebec, Canada) – December 08, 2003. EVOLVED DIGITAL SYSTEMS, INC., formerly known as *ELECTROMED, Inc.* and *INPHACT, Inc.*, have completed final requirements for the combination of the two companies. The operating name change for both companies will be effective on December 11, 2003.

"Mid-sized hospitals and outpatient clinics have been struggling with how to justify the cost and tame the complexity of going digital," says Jonathan Lehman, President & CEO of EVOLVED. "With a complete EVOLVED solution, we make it simple. Combining the economic leverage of our technology model and our teams' extensive experience, we can maximize the return of digital solutions to our customers. We believe that the change to the name 'EVOLVED' helps us to communicate the unique nature in which we provide our services and that we are truly offering the next clinical information technology platform."

The newly formed organization becomes a leader of medical imaging and information management solutions for both cardiology (Electromed's View™ products) and radiology (INPHACT's RadWeb® services.) EVOLVED has a current installed client base of over 130 locations in North America and Europe. As part of the combination, EVOLVED raised CND\$19 Million in additional capital to fund its growth.

EVOLVED provides integrated, turnkey information systems solutions to its customers. The company's outsourced model enable healthcare facilities to focus on their core business, the delivery of quality patient care. By providing integrated imaging, workflow and business office solutions. EVOLVED generates efficiencies within the radiology and cardiology departments resulting in competitive advantages for the facility. The documented results are faster turnaround service to referring physicians and improved contribution margin per procedure.
