

Woodward Hospital Goes Digital with the Evolved Solution

Montréal, (Québec, Canada) – November 23, 2005 / CNW/ - Evolved Digital Systems Inc. (TSX: EVD), a leading healthcare technology solutions company, recently welcomed another Triad facility, Woodward Regional Hospital to its list of sites with its fully integrated RadWeb/View² solution. This expands the company’s growing list of integrated installations across the US.

Evolved’s RIS solution, RadWeb, and Picture Archive Communications System (PACS), View², will provide Woodward with a complete Digital Imaging Workflow Solution. RadWeb is Evolved’s on-line source for tracking and managing medical imaging processes and patient information. View² combines Radiology and Cardiology Imaging on a single web-based platform. Together, these tools provide hospitals and radiology centers with the ability to seamlessly manage their Digital Imaging operations effectively and efficiently.

“Evolved’s installation process was simply awesome. Evolved worked with our team to bring their system up and to train our staff without our having to cut back on our daily schedules” according to Jason Dent, Woodward’s Radiology Director. “We fully expect that Evolved’s integrated workflow will significantly improve our daily processes.”

About Woodward Regional Hospital

Woodward Hospital has 87 beds and serves nearly 35,000 residents in northwest Oklahoma, southern Kansas and the Texas panhandle.

About Evolved

With over 100 customer locations across North America, Evolved has become a leading healthcare technology solutions company. Its services and enabling technologies transform hospital and clinic imaging departments from manual to digital-based systems, improving efficiency, turnaround time, and patient care. Evolved is a publicly traded company listed on the Toronto Stock Exchange. Corporate headquarters are based in Laval, Quebec. Evolved’s U.S. offices are located in Brentwood, Tennessee.
