

EVOLVED DIGITAL SYSTEMS INC. ANNOUNCES MULTI-YEAR COLLABORATION AGREEMENT WITH SHIMADZU

Montréal, (Québec, Canada) – November 22, 2005 / CNW/ - Evolved Digital Systems Inc. (TSX: EVD), a leading healthcare technology solutions company, today announced that it had entered into the long-term collaboration with Shimadzu Corporation, Japan to supply its medical imaging technologies and services to Shimadzu.

"Extending a portion of our proprietary technology will generate improved returns on our technology assets," said Richard Eskind, Chairman and CEO for Evolved. "This marks another milestone in the Company's strategic plan. It allows us to reach a worldwide market with a strong distribution partner that is well positioned to serve the imaging industry. We began working with Shimadzu early last year, and they have just begun distributing their products incorporating our technologies to their medical diagnostic customers world wide. As a result, we began to see unit related revenue in the third quarter of 2005."

"Combining Shimadzu's world leading technology and Evolved's extensive experience in imaging management solutions has enabled us to develop outstanding solutions that will greatly enhance Shimadzu's ability to further serve this growing market," said Tsunekazu Matsuyama, Director, Member of the Board and General Manager of Medical Systems Division for Shimadzu.

Mr. Eskind concluded, "We are very pleased to formalize this relationship with our partner Shimadzu Corporation, one of the world's leading manufacturers of medical imaging systems."
